RULING ON ENTITLEMENT¹

On February 25, 2022, Joyce Glenn (“Petitioner”) as personal representative of the estate of Anthony Glenn (“decendent”) filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. § 300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that decendent suffered Guillain-Barré syndrome (“GBS”) following the administration of an influenza (“flu”) vaccine on September 13, 2019, and that his injury meets the criteria for compensation pursuant to the Vaccine Injury Table (the “Table”). Petition at 5. The case was assigned to the Special Processing Unit of the Office of Special Masters.

¹ Because this unpublished Ruling contains a reasoned explanation for the action in this case, I am required to post it on the United States Court of Federal Claims' website in accordance with the E-Government Act of 2002. 44 U.S.C. § 3501 note (2012) (Federal Management and Promotion of Electronic Government Services). **This means the Ruling will be available to anyone with access to the internet.** In accordance with Vaccine Rule 18(b), Petitioner has 14 days to identify and move to redact medical or other information, the disclosure of which would constitute an unwarranted invasion of privacy. If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all section references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2012).

On December 12, 2022, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent states that Petitioner's claim meets the criteria set forth in the Vaccine Injury Table ("Table") and the Qualifications and Aids to Interpretation ("QAI") for GBS following receipt of a flu vaccine. *Id.* at 8-9 (citing 42 C.F.R. §§ 100.3(a)(XIV)(D), (c)(15)). Respondent further agrees that the case was timely filed, that the vaccine was received in the United States, and that the statutory severity requirement was satisfied. *Id.* at 9 (citing Section 11(c)(1)(D)(i)).

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
